I am just seeing this invite from you now and then suddenly the content seemed to disappear. What I thought I saw was that you resent the meeting invitation for April 26 at 11:30, but for some reason, it no longer appears on my screen when I hit reply (I did try closing out of it and opening it again). I love technology, I hate technology. 🙄 Can you please resend again so I can forward to another colleague who wants to join as well?

Thanks,
